

**NRSP**  
NATIONAL ROAD SAFETY

**PARTNERSHIP  
PROGRAM**

# BANG!

Drivers opening their door without looking is the third most common cause of bicycle crashes.

Reduce the risk by always checking over your road-side shoulder before exiting your vehicle.

# Always Cross Check!

NRSP  
NATIONAL ROAD SAFETY

PARTNERSHIP  
PROGRAM

1

## Cross

Cross your left arm over your right to begin the exit procedure, twisting your body in one swift motion.

2

## Check

Always check over your shoulder to ensure there are no bicycles coming, before opening your door slowly.
